Koç Chairs New Conference Series

Dr. Cetin K. Koc of [Electrical and Computer Engineering](#) is the program chair of a new conference series entitled "Workshop on Cryptographic Hardware and Embedded Systems". The first workshop will be held on the east coast and then will alternate between the east and west. The location and time: Worcester Polytechnic Institute, Worcester, Massachusetts, on August 12 & 13, 1999. The workshop proceedings will be published by Springer Verlag. The workshop received support from Compaq (Atalla), Intel, Secunet, and SITI.
